To reconsider having an exclusion and/or rating removed from your policy, please answer the following questions. If more than one exclusion is to be reconsidered, please have each Member complete one form for each exclusion.

Exclusion removal may be considered when a Member has met the following criteria:

- The condition has resolved completely and the Member has remained symptom and treatment free for a period of 12 months from the Effective Date of the policy. Also, the request must be made during the time period in which the Member was symptom and treatment free.
- The review process involves several factors, including past medical history and medication use, current physical condition, the potential for recurrence of the stated condition, as well as how these factors interrelate.
- Exclusions/ratings are removed at the discretion of Medavie Blue Cross and exclusions/ratings which were applied for conditions which are still present, are ongoing or recurring may not necessarily be removed from a policy.

Name of exclusion: _____ Name of Member with exclusion: _____

- **OR** - Name of Member with rating: _____

1. When was the last date you consulted a doctor for your condition?

2. Since when have you been symptom free regarding your condition?

3. When was the last date of any treatment/medication for your condition?

I, the undersigned, declare the answers to the above questions are complete and accurate. Medavie Blue Cross reserves the right to recover any monies paid on my/our behalf or on the behalf of my/our eligible dependents as a result of an incomplete statement, misrepresentation or omission on this form. I/we agree to repay to Medavie Blue Cross any and all monies paid as a result of the discovery of facts not fully disclosed on this form.
